

## ENVIRONMENTAL POLICY STATEMENT

Higham is committed to the conservation and improvement of the environment and recognises its responsibility to manage and minimise the environmental impacts of our activities, products and services.

In order to achieve this Higham has set the following key objectives:

- To identify the significant environmental impacts of our activities
- To develop suitable objectives, targets and management programmes, applying appropriate operational procedures to minimise our significant environmental impacts during normal, abnormal and emergency conditions Comply with relevant legislation, regulations and other requirements relating to out significant environmental impacts
- To prevent pollution, minimise our inputs of utilities and resources and the output of emissions to the atmosphere, effluents to waters / sewers and waste to disposal facilities: endeavouring to re-use, recover or recycle where practical, or safe disposal where not
- Take in to account the principles of sustainable developments in conducting its administrative, commercial and social activities, using procurement of materials from local sustainable sources
- To ensure that environmental responsibilities are defined, communicated and understood at all levels within our organisation through the provision of appropriate training
- To ensure that suppliers and contractors understand the organisations policy and assist them in developing appropriate systems and a responsible approach with regard to environmental issues
- To communicate, co-operate and respond to the views of interested parties, including stakeholders, customers and the general public, on environmental issues, where this is practicable and likely to result in overall improved environmental performance
- To strive for continuous improvement in overall environmental performance
- To promote where possible industry leading products with environmental benefits
